

Spring into Sustainability

Spring is time to clean up and clear space in your office. As your team organizes and declutters office supplies, ensure your team handles all materials in a sustainable manner.

Know What To Throw

Know which items can be recycled in your office and ensure employees are aware of recycling procedures

Hazardous Waste

Collect your business's hazardous waste - batteries, lightbulbs, toner and ink cartridges - and dispose of these items with a qualified handler

Paper Purge

Utilize a professional paper shredding service to dispose of any unnecessary documents and declutter your office space effectively
